After saving the project in the new resolution you will see two dialog windows:

1. Confirm scaling

- "Ok" to confirm changes of the project size
- "Cancel" the project will save the initial resolution, no actions will be performed

2. Decide if you want to change the size of project popups and graphic items

Question Do you want to resize items and popups?			
Yes		No	

- "Yes" the size of project popups and graphic items will be scaled to the new page size
- "No" the size of project popups and graphic items will stay the same, only the size of project pages will change
